

# Build cross platform desktop apps with JavaScript, HTML, and CSS ...

## Part 4: Packaging, extended.

Lukas Hejniak, Juli 2019

#electronjs #crossdesktopapps #js  
#javascript #html #css

# Was wir schon kennen ...

# Electron Grundlagen

# Electron Fiddle

# Electron APIs & Stuff.

In dieser Einheit...

Wir bauen uns **ein Paket!**

# Electron Forge | [electronforge.io](https://electronforge.io)

```
# Install dependencies ...
```

```
$ npm i -g @electron-forge/cli
```

```
# Install dependencies ...
```

```
$ electron-forge init my-app
```

# Electron Forge | Installer bauen

```
# Start the test app ...
```

```
$ cd my-app
```

```
$ npm start
```

```
# Give me an installer ...
```

```
$ electron-forge make
```

# Hands on ...

- ❑ Electron App für Euer OS bauen
- ❑ Glücklich sein!
